SILK ROAD
ARMENIA

To Who It May Concern

On the Behalf of Anahit

Kirakosyan; the director of

"Silk Road Travel" LLC Armenia

Dear Responsibles

I want to appeal to you regarding the case of Elena Anatolevna Kalashnikova, whom personally me and all our staff of "Silk Road Travel" LLC know. We have been working with her since far 2014 participating together in international Travel and Tourism trade fairs. And I can witness how devoted is she to her country and her job, how she worked hard to promote Kyrgyzstan and all Silk Road Destinations amongst biggest international tour operators who even didn't know where on the map Kyrgyzstan is. She did all possible to level up her country to international tourism board and increase the number of travellers visiting her country. She made hard efforts to show everybody that Kyrgyzstan is really worth visiting and it is the destination of present and future.

From our side we kindly ask to undertake the case of Elena Kalashnikova very carefully and do hope she will be justified.

Anahit Kirakosyan
